BEEF SIRE CATALOGUE 2026

XCELL BREEDING SERVICES
WWW.XCELL.CO.NZ

Welcome

Welcome to the 2026 Xcell Beef Sire Catalogue. At Xcell Breeding Services, we're committed to providing beef producers with access to genetics that deliver real performance in New Zealand farming systems. This year's catalogue features a carefully selected lineup of proven sires, combining industry favourites with exciting new genetics chosen for their structure, fertility, growth, and commercial value.

As always, our focus is on offering genetics that help our clients make confident breeding decisions and achieve long-term herd improvement. We're proud to work alongside breeders and farmers throughout New Zealand and appreciate the trust you place in our team and our programme. This catalogue has once again been developed in partnership with Callum Dunnett, and we sincerely thank him for his continued expertise and contribution.

Greg McKay
Managing Director

Welcome To XCELL catalogue 2026.

I am very pleased with the team of bulls we have to market this year from NZ and Australia. Every year I search the country looking for bulls that are current to the nz market i.e. bloodlines and type also nice and safe data spread

I welcome your phone calls re any of these bulls.

Callum Dunnett

TRUSTED SEMEN, TRUSTED TEAM

We only work with proven, high-quality semen from trusted suppliers to ensure the best genetic outcomes for your herd. Backed by years of industry experience, our team handles every step of the process with care and precision — from selection to insemination. You can count on us to deliver results you can build your future herd on.

We offer a comprehensive, all-inclusive breeding program to enhance your livestock's potential. Our services include:

- Mineral and Nutrient Advice
- Semen Organisation
- Easy-to-Follow Fixed Time AI Plan
- Flexible Program Management: we can handle all or part of the program based on your needs

By Millwillah Ramjet, Ultrajet's dam is a daughter of Nugget N266 (2018 sale topper). The former record priced cow of the breed, Prue H112 is her grand dam, bringing Ythanbyera Henry VIII, Crusader of Stern and Hingaia 469 into the mix. There is a fair bit of flair about the young Ultrajet yearling bulls. They are long and deep flanked, with superb skin and muscle pattern. Quiet to a fault. They are exceptional.

CRICKLEWOOD V101

\$80

28/07/2024
#10489024V

A strong bull that has very good structural Pedigree that is very strong east coast bloodlines.

A very well-balanced set of data that would be suitable for heifer mating.

WOODBANK U046

26/08/2023
#15009023U046
AMF NHF CAF DDF

\$80

Woodbank U046 is a 1/2 brother to the highest selling bull in Australia this spring Clunie Range Untouchable U441 which sold for an impressive \$300,000. U046 was used as a yearling at Woodbank and went on to be retained for his unmatched maternal value and market relevance. Dam Woodbank 5150 is a 10 year old matriarch and has just given birth to her 8th calf. She's moderate in frame, well uddered and has those functional easy doing attributes we look for in our females. U046 is soft skinned with sound structure and has the ability to be used in a variety of programs!!

KINCARDINE STORM MAKER 21/118

\$80

08/09/2021

#13459021118

AMF NHF CAF DDF

Storm Maker has completed his third mating at Glenlake Angus and continues to look the picture of a proven sire. His progeny are performing as his data suggests, with easy-born calves, strong growth and good carcase attributes. A proven and versatile sire, Storm Maker is well suited to a wide range of breeding programmes.
