BEEF SIRE CATALOGUE 2025

XCELL BREEDING SERVICES
WWW.XCELL.CO.NZ

Welcome

Welcome to the 2025 Xcell Beef Sire Catalogue.

We're proud to present this year's sire lineup—an exciting mix of proven New Zealand genetics and a standout new addition: an elite imported bull from Australia. Carefully selected for his structure,

performance, and suitability to local conditions, he's a powerful addition to our program and one we're excited to offer.

We sincerely appreciate the ongoing support from our clients and the opportunity to see these genetics at work in breeding programs across the country.

This catalogue has been developed in partnership with Callum Dunnett, and we thank him for his valuable input once again.

Greg McKay
Managing Director

Welcome To XCELL catalogue 2025.

I am very pleased with the team of bulls we have to market this year from NZ and Australia. Every year I search the country looking for bulls that are current to the nz market i.e. bloodlines and type also nice and safe data spread

I welcome your phone calls re any of these bulls.

Callum Dunnett

UltraJet combines outstanding structure, globally recognised type, and a versatile pedigree backed by impressive data. UltraJet sets the benchmark for bodytype when used over Paratrooper daughters. Millah Murrah UltraJet ticks all the boxes, offering breed-leading calving ease, solid growth rates and positive fats. Phenotypically, UltraJet exhibits exceptional muscle expression, deep flank, and a fluid gait. With a strong pedigree rooted in the best of the breed, UltraJet is bred to produce consistent, high-quality calves.

KINCARDINE RENEGADE R36

09/09/2020
#13459020R36
AMF, CAF, DDF, NHF

This cracking Rainmaker son from Kincardine Angus is impressive from nose to tail. A genuine allrounder that could lead a maternal revolution in the breed.

WOODBANK U046

\$80

Woodbank U046 is a 1/2 brother to the highest selling bull in Australia this spring Clunie Range Untouchable U441 which sold for an impressive \$300,000. U046 was used as a yearling at Woodbank and went on to be retained for his unmatched maternal value and market relevance. Dam Woodbank 5150 is a 10 year old matriarch and has just given birth to her 8th calf. She's moderate in frame, well uddered and has those functional easy doing attributes we look for in our females. U046 is soft skinned with sound structure and has the ability to be used in a variety of programs!!
